

MUST ANSWER THE CENSUS QUESTIONS

President Taft Issues Proclamation Urging the People To Respond.

SETS OUT PURPOSE OF COUNT

Has Nothing to Do With Taxation, Army or Navy Service, School Attendance or Similar Matters.

Washington, March 14.—President Taft in a proclamation issued today urges everybody throughout the United States to answer promptly, completely and accurately all inquiries addressed to them by the enumerators or other employees who will be engaged in the taking of the thirteenth decennial census, which work will begin on Monday from today. The proclamation follows:

"Whereas, by the Act of Congress, approved July 2, 1909, the thirteenth decennial census of the United States is to be taken beginning on the 15th day of April, 1910, and

"Whereas, a correct enumeration of the population every ten years is required by the Constitution of the United States for the purpose of determining the representation of the several states in the house of representatives;

"Whereas, it is of the utmost importance to the interests of all the people of the United States that this census should be a complete and accurate report of the population and resources of the country;

"Now, Therefore, I, William Howard Taft, president of the United States of America, do hereby declare and make known that, under the act aforesaid, it is the duty of every person to answer all questions on the census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and that any adult refusing to do so is subject to penalty.

"The sole purpose of the census is to secure general statistical information regarding the population and resources of the country, and replies are required from individuals only in order to permit the compilation of such general statistics. The census has nothing to do with taxation, with army or navy service, with the compulsory school attendance, with the regulation of immigration, or with the enforcement of any national, state, or local law or ordinance, nor can any person be harmed in any way by furnishing the information required. There need

be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the rights and interests of the persons furnishing information, every employee of the census bureau is prohibited under heavy penalty, from disclosing any information which may thus come to his knowledge.

"I therefore earnestly urge upon all persons to answer promptly, completely, and accurately all inquiries addressed to them by the enumerators or other employees of the census bureau, and thereby to contribute their share toward making this great and necessary public undertaking a success.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the City of Washington this 15th day of March, A. D. 1910, and of the Independence of the United States of America the 134th.

"WILLIAM H. TAFT."

By the president:
P. C. Knox, Secretary of state.

"The proclamation is for the purpose of removing fears from the minds of some people who are of the opinion that information which they give concerning themselves to the census taker may be used in some way to the detriment of their personal or business interests. Against any such abuse, however, the government has thrown the strongest safeguards."

LITTLE SUFFERER FROM ECZEMA

Grew Worse in Spite of Six Months of Ablest Treatment—Sleep Terribly Broken—Face, Head and Hands Masses of Dreadful Humor.

A SINGLE SET OF CUTICURA CURED HIM

"I feel it my duty to let you know with what success I have used the Cuticura Remedies. When our baby was seven weeks old he broke out with what I thought was heat but which gradually grew worse. We called in a doctor. He said it was eczema and from that time we doctored six months with three of the best doctors in Atchison but he only got worse. His face, head and hands were a solid sore. There was no end to the suffering for him. We had to tie his little hands to keep him from scratching. He never knew what it was to sleep well from the time he took the disease until he was cured. He kept us awake all hours in the night and his health wasn't what you would call good. We tried everything but the right thing. Finally I got a set of the Cuticura Remedies and am pleased to say we did not use all of them until he was cured. We have waited a year and a half to see if it would return but it never has and to-day his skin is clear and fair as it possibly could be. I hope Cuticura may save some, poor child's little one's suffering and also their pocket-books. John Leason, 1403 Atchison St., Atchison, Kan., Oct. 19, 1909."

Pittsburgh, March 15.—On what it asserts is trustworthy authority this morning the Dispatch announces that looking to a coalition of the Westinghouse Electrical & Manufacturing company and the General Electric company.

"If it is achieved America will have another trust with a combined capital approximating \$150,000,000," says the Dispatch and continues: "The recent action of the board of directors of the Westinghouse concern in granting a leave of absence for six months to its president George Westinghouse is understood by industrial and financial circles to have a far deeper significance than mere concern of his colleagues for Mr. Westinghouse's health."

"Perhaps it is true," a well known financier suggested, "that Mr. Westinghouse and Mr. Mather, the chairman of the Westinghouse board could not agree upon a policy regarding the company's foreign properties and that Mr. Westinghouse has decided to let them go along for a while without him."

A Pittsburgh stockholder in the Westinghouse concern asserted positively yesterday that he had received dispatches from New York informing him that one of the members of the firm of Kuhn, Loeb & Co., the Wall street banking house who were sponsors for Mather stated as settled fact that merger of the Westinghouse and General Electric company is merely a

Hickley, Maine, March 15.—When several men hesitated yesterday to venture on thin ice to aid Elmer Decker, struggling in the water of Kennebec river, the man's wife slowly crawled out on the ice and fastened a rope about her husband's shoulders. He was then drawn to solid ice.

Before I used Foley's Kidney Pills I was subjected to severe backaches and pains in my kidneys with suppression and sometimes a cloudy voiding. While upon arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers."—Schramm-Johnson Drugs.
